Distance in straight line from Start to Finish:	<input type="text" value="27 metres"/>	OS Coords:	<input type="text" value="SO908214"/>

Brief Description of Course

(a) Terrain (Flat/Undulating/Severe Hills/etc.)	<input type="text" value="Flat"/>
(b) Race Surface (city streets/country lanes/paths/etc.; amount off road e.g. on grass)	<input type="text" value="Town streets, carriageway, footway & shared cycleway.
No grass or gravel surfaces."/>
(c) Course Configuration (single lap/multi lap/anti-clockwise/out & back/point to point)	<input type="text" value="Frying pan shaped route. Straight section to two anti-clockwise loops followed by straight section to finish, near to start."/>

Measurement Details (additional information may be shown in the report)

(a) The section of the road available to the runners on the day of the race. Pavements?	<input type="text" value="See CMDS. Also plans show details of route."/>
(b) The line to be taken at right hand turns.	<input type="text" value="See plans A & G"/>
(c) Any other information.	<input type="text" value="Cone at G is left in place only for first lap."/>

I confirm that I have completed the measurement report of **7 pages** consisting of this **summary page, all data sheets, the course map and sketches** showing the exact position of the start and finish and I have sent copies to:

1. Kym Wheeler
2. Race Director, who must use this report to lay out the course for the race, and carefully keep it for future years. It should be shown to any official requiring details of the measured course.

Signed:	<input type="text" value="Colin Tether"/>	Date:	<input type="text" value="15/11/2015"/>
